

Table 2. Number of proteins affected by anti-mIgM stimulation

Time point (h)	Up-regulated identified ^{a)}	Up-regulated not identified ^{b)}	Down-regulated identified ^{a)}	Down-regulated not identified ^{b)}
2	2	none	4	3
9	1	none	none	2
12	2	1	1	1
16	7	5	13	4
24	5	2	5	5
48	6	4	7	3
72	4	none	6	6
120	6	6	4	9
Total ^{c)}	33 (28)	18	40 (31)	33 (24)

a) Number of up- or down-regulated proteins, which are identified by MS and bioinformatics

b) Number of up- or down-regulated proteins that are not identified

c) The total number of unique proteins is in brackets
